

Robyn Ruobing Chen

8+ years of experience | SaaS | Agentic AI UX | FinTech | Cloud services

Track record of delivering high quality design that meets user and business goals.

Passionate about system thinking, empathizing with users, telling good stories, and snowy days.

EXPERIENCE

Amazon Web Services | Migration and modernization

Senior UX Designer Sep 2024 - Present

- Led the design for AWS's first agentic migration tool, translating complex SQL Server modernization workflows into intuitive, step-by-step AI-guided experiences that reduced modernization time from months to weeks.
- Led design reviews with cross-functional team with engineering, product and leadership. Delivered from early wireframes through high-fidelity prototypes to vision design. Led the team to pass UX sign-off and fitNfinish.
- Led user research with 15 internal users and 2 external AWS client companies with insights that pivoted the product experience direction. Collected feedbacks and fast followed with improvement during internal preview with test users prior to launch.
- Partnered with platform designers to define conversational experience framework, defining agent behavior, interaction pattern, and output content structure. Improving AI transparency, efficient refinement, clear agent status, and defined key human in the loop moments.
- Accelerated the prototyping-research-iteration loop using AWS internal tooling to efficiently produce working prototypes and make quicker iterations and facilitate decisions.

UX Designer II Feb 2022 - Sep 2024

- Led interaction design for 4 major Migration Hub features including permissions, customization, monitoring, approval workflows, aligning cross-functional stakeholders around user needs and business goals.
- Created and ran bi-annual longitudinal CSAT/SUS surveys, uncovering key insights about user needs and product gap that directly influencing the 2024 product roadmap.
- Designed and launched a beta migration help assistant connecting internal AWS resources directly with customers; showcased at AWS Migratapalooza as a featured innovation.

Citizens Bank | Mobile App

UX Designer Sep 2020 - Dec 2021

Led end-to-end interaction and visual redesign for Credit Card experiences, including payments, rewards, transaction management in the Citizens Bank iOS/Android app, improving usability scores and reducing support contacts.

Infosys Digital | B2B clients

Senior Experience Designer Jul 2018 - Aug 2020

Designed enterprise and B2B digital products for Mercedes-Benz, Verizon, and Citi Bank, applying rigorous interaction design and lean UX methodology to ship MVP products under tight timelines.

Kohler Co. | Showering & Bathing

Industrial Designer Sep 2016 - Dec 2017

Designed Traverse® multi-piece shower & bathshower surrounds. Assisted in the development of immersive bathing experience.
